

## 5th Annual Construction Career Expo

July 26, 2010

Dear Industry Partners,

The Fifth Annual Dayton and Miami Valley Construction Career Expo is scheduled for Tuesday, October 5, 2010. On that day, we will host high school students and their instructors 9:00 AM – 1:00 PM at the Montgomery County Fairgrounds.

The Construction Career Expo gives you an opportunity to showcase your company, organization, or association in this diverse and ever changing industry. As partners of the construction industry, we all have a vested interest in promotion, outreach, and recruitment in order to bring the best of the best through our doors. This one day event highlights the construction industry as one of the nation's largest employers. With your support of the Expo, we will be able to introduce, illustrate, and represent the various opportunities for men and women in this exciting industry. The purpose of this letter is two-fold:

**Mark you calendar for Tuesday, October 5, 2010** and plan to attend and/or participate in the Expo. In 2009, we hosted over 600 students and chaperones. The event will offer information on opportunities in the Construction Industry with educational booths, group discussions, and hands on activities.

**Consider financial support of the 2010 Construction Career Expo.** Such an event is possible only with funding from sponsors who want to share in the goal of making students aware of opportunities in the Construction industry. With a donation of \$500 or more, your company/organization's name will be proudly displayed on event promotional materials and at the Career Expo.

The Career Expo Committee is diligently working to inform local schools, educators, students, and city officials that the building trades offer a viable and preferred career choice. We look forward to working with you and feel certain with support of industry partners, we will inspire the future generation of construction workers.

If you have any questions or require additional information, please feel free to contact me at (937) 228-7865 Ext 11 or [rfox@agcofdayton.com](mailto:rfox@agcofdayton.com).
